REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose a lead-in portion including a plurality of frustum cone shaped portions wherein the contact angles of the frustum cone shaped portion with respect to the raw material of the screw shaft are each set so as to increase sequentially in the order starting at and from the frustum cone shaped portion adjoining the cylindrical portion. The portions (15,16) having angles (ϕ_1, ϕ_2) are not disclosed by the prior art to Moeltzner (2,937,547) cited on the IDS of 2-2-2005. Moeltzner discloses a parabolic spiral threadform 23' on a lead-in prior to full threadforms 25 but does not disclose the plurality of frustum cone shaped portions having the sequentially increasing contact angles.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to Ed Tolan whose telephone number is 571-272-4525.
